(a) STATUTORY FLOOR VALUES.—The following base-level trigger parameters are hereby established by Congress and shall not be modified by agency rulemaking except as provided in subsection (b): (1) FEDERAL DATA VERACITY MATRIX (FDVM) — TITLE I.—Structural variance threshold: Any data deviation exceeding fifteen percent (15%) from the prior 36-month rolling baseline, as computed b

SEC. 005. Deficit Neutrality Certification And Revenue Sufficiency Mandate

(a) CBO CERTIFICATION REQUIREMENT.—No Title of this Act that authorizes mandatory SIRF disbursements exceeding five hundred million dollars ($500,000,000) in any single fiscal year shall be deployed nationally until the Congressional Budget Office certifies, in a formal cost estimate published in the Federal Register, that the projected SIRF revenue from the combined penalty, a

SEC. 005A. Tranche-Based Escalation Lock — Immediate Citizen Relief Architecture

(a) CONGRESSIONAL FINDINGS — TRANCHE STRUCTURE.—Congress finds that the most effective method for delivering immediate household economic relief while maintaining fiscal discipline is a structured, sequenced deployment architecture that insulates safety-net disbursements from dependency on unconfirmed revenue streams.

SEC. 006. Private Sector Co-Investment Priority And Market Primacy Declaration

(a) MARKET PRIMACY.—Congress declares that the preferred mechanism for achieving the infrastructure sovereignty, manufacturing renaissance, and household wealth-building objectives of this Act is voluntary private sector investment attracted by the structural incentives, reduced regulatory arbitrage, and market corrections established herein.

TITLE I — Systemic Resilience And Unified Sovereignty Architecture

SEC. 101. Establishment Of The Federal Data Veracity Matrix Administration — Phased Independence Structure

(a) PHASE 1: BUREAU WITHIN DEPARTMENT OF COMMERCE (MONTHS 1–48).— (1) IN GENERAL.—For the first forty-eight (48) months following enactment, the Federal Market Integrity Administration (FMIA) shall be established as a bureau within the Department of Commerce, designated the Bureau of Sovereign Data Integrity (BSDI).

SEC. 102. Prohibition On Uncompensated Commercial Data Use

(a) UNLAWFUL DATA DEPLOYMENT.—It shall be an unlawful practice for any Covered Entity, federal agency, or government contractor to design, implement, deploy, or utilize any algorithmic model, predictive analytics system, or narrative-driven assessment tool that extracts or utilizes individual or community-generated data to generate predictions or assessments affecting individua

SEC. 103. The Structured Accountability Engine

(a) ENGAGEMENT OF ENFORCEMENT TIMELINE.—Upon the generation of a Verified Structural Variance Report by the FDVM, the automated Structured Accountability Engine (SAE) shall instantly engage, establishing a mandatory, non-extendable ninety (90) calendar day timeline for executive action.

SEC. 104. Whistleblower And Protected Disclosure Framework

(a) PROTECTED DISCLOSURES.—Any employee, contractor, or officer of a Covered Entity who provides information to the FMIA, the Department of Justice, or any Congressional committee regarding a Verified Structural Variance shall be protected from retaliation under the provisions of the Whistleblower Protection Act (5 U.S.C.

SEC. 105. Anti-Harmonization Declaration — Patch R-05

(a) PILOT REQUIREMENT.—No program established under Titles V, VII, VIII, IX, X, XI, XII, XIII, XIV, or XV of this Act that requires national deployment affecting more than ten million (10,000,000) Americans or more than five billion dollars ($5,000,000,000) in annual SIRF disbursements shall proceed to national deployment until it has successfully completed a Pilot Certificatio

TITLE XXI — The Sovereign Health Foundation Act: Universal Basic Minimum Coverage Through Competitive Private Delivery

SEC. 2101. Congressional Findings And Declaration Of Health Sovereignty

(a) FINDINGS.—Congress finds and declares the following: (1) Access to basic medical care is a prerequisite to the exercise of all other civil and economic rights established under this Act and is a direct determinant of domestic productive capacity, labor force participation, and national systemic resilience.

SEC. 2102. The Basic Minimum Plan — Mandatory Floor Product

(a) MANDATORY OFFER REQUIREMENT.—As a condition of licensure to sell any health insurance product in the United States, every licensed health insurance carrier shall offer the Basic Minimum Plan (BMP) as a standard product in every state and territory in which it holds a license to sell health insurance.

SEC. 2103. Government Funding Of The Basic Minimum Plan

(a) FEDERAL BMP PREMIUM.—The federal government shall pay, on behalf of every enrolled United States resident, a per-capita Basic Minimum Plan Premium directly to the BMP carrier of the individual's choice. The individual owes no premium, deductible, copayment, or cost-sharing of any kind for any BMP-covered service.

SEC. 2104. Individual Carrier Choice And Enrollment

(a) FREE CARRIER CHOICE.—Every United States resident shall have the absolute right to choose any BMP-participating carrier operating in their region.

SEC. 2105. Supplemental Coverage — Private Market Above The Floor

(a) INDIVIDUAL CHOICE OF SUPPLEMENTS.—Every BMP enrollee may purchase supplemental health coverage above the BMP floor from any licensed carrier of their choosing, paying for such coverage entirely out of pocket or through employer contributions.

SEC. 2106. Carrier Compliance And Anti-Profiteering Enforcement

(a) STRICT LIABILITY VIOLATIONS.—The following constitute strict liability violations enforceable by HHS, the FMIA, and by private right of action: (1) imposing any premium, deductible, copayment, or cost-sharing for any BMP-covered service; (2) imposing prohibited prior authorization requirements;

SEC. 2107. Insurance Market Concentration And Access Standards

(a) CONCENTRATION CAP.—No single BMP carrier shall control more than twenty-five percent (25%) of BMP enrollment in any MSA or state. The FDVM shall monitor carrier market share quarterly. Excess concentration triggers referral to DOJ Antitrust Division for enrollment divestment within one hundred eighty (180) days.

SEC. 2108. Transition From Legacy Programs And Performance Benchmarks

(a) MEDICAID, CHIP, AND ACA TRANSITION.—All current Medicaid, CHIP, and ACA marketplace enrollees shall be transitioned to BMP coverage within twenty-four (24) months of enactment with no interruption of covered services. Medicaid and CHIP shall continue as coverage backstops during the transition period.

SEC. 2109. Upstream Prevention, Environmental Health, And Demand-Adjusted Rural Infrastructure

(a) CONGRESSIONAL FINDINGS — UPSTREAM PREVENTION.—Congress finds that: (1) A substantial share of national healthcare expenditure is attributable to chronic disease categories that are directly linked to preventable environmental and dietary exposures, including diet-linked cancers, type 2 diabetes, cardiovascular disease, pediatric neurodevelopmental disorders, respiratory dis

SEC. 2110. Bmp Zero-Premium Co-Pay Structure

(a) PREMIUM ELIMINATION.—The Basic Minimum Plan carries zero monthly premium obligation for any enrolled individual. The federal per-capita payment made directly to the carrier of each enrollee's choosing constitutes the sole revenue stream for BMP coverage obligations.

SEC. 2111. Carrier Competition Integrity Framework

(a) COMPETITION MECHANISM.—Carrier competition for BMP enrollees shall be governed by the following principles: carriers compete for enrollees through demonstrated quality, network adequacy, and outcomes performance — not through price discrimination, benefit reduction, or enrollee selection.

TITLE XXII — Sovereign Critical Systems Protection And Private Equity Accountability Act

SEC. 2201. Findings And Declaration Of Critical Systems Sovereignty

Congress finds and declares the following: (1) The acquisition of acute care hospitals, emergency medical services, nursing facilities, assisted living facilities, and public safety answering points by private equity investment funds and leveraged buyout entities has produced documented patterns of service reduction, staff elimination, debt loading, and facility closure that co

SEC. 2202. Definitions — Title Xxii

As used in this Title: (1) PRIVATE EQUITY ACQUISITION ENTITY.—Any private equity fund, leveraged buyout vehicle, special purpose acquisition company, management buyout fund, or affiliated investment vehicle that derives more than fifty percent (50%) of its capital from institutional investors and employs a leveraged acquisition strategy in which acquisition debt is placed on th

(a) PROHIBITED CATEGORIES AND COMPLIANCE WINDOWS.—Effective upon enactment, no Private Equity Acquisition Entity may acquire, or maintain ownership of, any of the following Critical Life-Safety Systems.

SEC. 2204. Constitutional Grounding And Enforcement Authority

(a) THREE-PILLAR CONSTITUTIONAL BASIS.—The prohibitions and divestiture requirements of this Title are grounded in: (1) COMMERCE CLAUSE.—The interstate commercial operations of private equity funds and the Critical Life-Safety Systems they acquire constitute interstate commerce subject to comprehensive congressional regulation under Art.

SEC. 2205. Just Compensation And Transition Support

(a) FAIR MARKET VALUE.—Nothing in this Title constitutes a taking without just compensation within the meaning of the Fifth Amendment.

SEC. 2206. Vital Systems Transition Reserve

(a) ESTABLISHMENT.—There is established within the SIRF a dedicated sub-account to be known as the Vital Systems Transition Reserve (VSTR).

TITLE XXIII — Sovereign Trade And Allied Diplomatic Architecture Act

SEC. 2301. Findings And Declaration Of Trade Sovereignty

Congress finds and declares the following: (1) The primary mechanism by which domestic manufacturing employment has been structurally displaced is not comparative advantage in the classical sense, but rather systematic wage arbitrage enabled by the absence of labor rights, environmental protections, and safety standards in competitor nations — creating an artificial cost differ

SEC. 2302. Definitions — Title Xxiii

As used in this Title: (1) WAGE EQUALIZATION ASSESSMENT (WEA).—The targeted levy established under Section 2303 of this Act, assessed on imported goods from non-designated nations, calibrated to offset the effective wage subsidy created by suppressed labor rights in the country of origin rather than to protect specific domestic industries.

SEC. 2303. Wage Equalization Assessment — Structure And Safeguards

(a) ASSESSMENT MANDATE.—There is established a Wage Equalization Assessment on imports of manufactured goods from nations not designated as Allied Nations under Section 2302(2), calculated as follows: (1) BASELINE CALCULATION.—The FMIA shall calculate, for each non-designated trading partner, the effective labor cost differential between the median manufacturing wage in that na

(a) ESTABLISHMENT.—There is established an independent commission to be known as the Sovereign Defense Efficiency Commission (SDEC).

SEC. 2305. Allied Pharmaceutical Pricing Compact

(a) DIRECTIVE.—Within ninety (90) days of enactment, the United States Trade Representative shall initiate formal negotiations with G7 nations, Australia, South Korea, and Taiwan toward a multilateral Allied Pharmaceutical Pricing Compact establishing: (1) Mutual transparency in pharmaceutical pricing data, including manufacturer list prices, net prices after rebates, and publi

TITLE XXIV — Sovereign Tax Code Reform And Fiscal Integrity Act

SEC. 2401. Findings And Declaration Of Fiscal Sovereignty

Congress finds and declares the following: (1) The concentration of tax advantages in the leveraged acquisition and private equity industries distorts capital allocation away from productive domestic investment, contributes to the debt-loading of productive enterprises, and creates a structural subsidy for financial engineering over manufacturing and employment-generating inves

SEC. 2402. Carried Interest — Ordinary Income Treatment

(a) AMENDMENT TO IRC § 1061.—Section 1061 of the Internal Revenue Code of 1986 is amended to provide that any amount includible in the gross income of a taxpayer in connection with an applicable partnership interest — as defined in 26 U.S.C.

SEC. 2403. Lbo Interest Deductibility Cap

(a) AMENDMENT TO IRC § 163(j).—Section 163(j) of the Internal Revenue Code of 1986 is amended to establish that, for any Covered Entity as defined in Section 003 of this Act, the deductibility of interest expense on acquisition indebtedness — defined as any debt incurred in connection with the acquisition of a controlling interest in another entity within the preceding seven (7

SEC. 2404. National Infrastructure Maintenance Assessment

(a) ASSESSMENT ESTABLISHED.—There is established a National Infrastructure Maintenance Assessment (NIMA), structured as a user fee under the authority of IRC § 4 and analogous to the Universal Service Fund (47 U.S.C. § 254), the Airport and Airway Trust Fund (26 U.S.C. § 9502), and the Highway Trust Fund (26 U.S.C.

SEC. 2405. Financial Transaction Assessment

(a) ASSESSMENT ESTABLISHED.—There is established a Financial Transaction Assessment (FTA) on institutional securities trades executed within the United States, structured as a user fee reflecting the institutional use of public financial market infrastructure — including SEC-regulated exchanges, DTCC settlement systems, and federally insured financial networks.

SEC. 2406. Irs Enforcement Sovereignty Fund

(a) ESTABLISHMENT.—There is established within the Internal Revenue Service a permanent, non-lapsing appropriation to be known as the IRS Enforcement Sovereignty Fund (IESF).

SEC. 2407. Spi Wage Floor Tax Credit — Phase 2 Activation

(a) ESTABLISHMENT.—There is established a Sovereign Productivity Index Wage Floor Tax Credit (SPI-WFTC) available to Covered Entities that pay all domestic employees wages at or above the Sovereign Productivity Index wage floor published quarterly by the Bureau of Labor Statistics.

SEC. 2408. Social Security Payroll Contribution Equity Act

(a) FINDING.—Congress finds that the Social Security payroll tax applies to one hundred percent (100%) of wage income for ninety-four percent (94%) of American workers, while six percent (6%) of earners — those earning above the annually-indexed taxable wage base — effectively pay a declining percentage of total income in Social Security contributions as their income rises.

SEC. 2409. Corporate Income Tax Restoration Act

(a) FINDING.—Congress finds that the Tax Cuts and Jobs Act of 2017 reduced the corporate income tax rate from 35% to 21%, producing a corporate tax revenue decline of approximately ninety billion dollars ($90,000,000,000) per year against pre-TCJA projections, without producing the investment surge or wage growth projected by its proponents.

SEC. 2410. American Carbon Dividend And Clean Future Fund Act

(a) FINDING.—Congress finds that a revenue-neutral carbon fee-and-dividend is the most economically efficient mechanism for reducing carbon emissions, generating durable federal revenue, protecting American household purchasing power, and maintaining the international competitiveness of American industry.

SEC. 2411. Oecd Pillar Two Global Minimum Tax Implementation Act

(a) FINDING.—Congress finds that the United States has not fully implemented the OECD/G20 Inclusive Framework's Pillar Two global minimum corporate tax of fifteen percent (15%), agreed to by 140 nations.

SEC. 2412. Stepped-Up Basis Reform And Inherited Wealth Equity Act

(a) FINDING.—Congress finds that the current step-up in basis at death — under which heirs inherit assets at current fair market value, permanently eliminating capital gains tax on a decedent's lifetime appreciation — constitutes the single largest structural preference for inherited wealth in the Internal Revenue Code, costing the Treasury not less than fifty billion dollars (

SEC. 2413. Financial Transaction Tax — Wall Street Sovereignty Contribution

(a) FINDING.—Congress finds that high-frequency algorithmic trading generates no identifiable economic value for the productive economy, extracts rents from ordinary investors through speed advantages inaccessible to retail participants, and has destabilized markets through documented flash crashes.

SEC. 2414. Sovereign Federal Land Royalty Reform Act

(a) FINDING.—Congress finds that federal mineral royalty rates — set at twelve and one-half percent (12.5%) for onshore oil and gas under statutes dating to 1920 — have not been updated to reflect fair market value, costing the Treasury an estimated ten to twenty billion dollars ($10,000,000,000–$20,000,000,000) annually compared to royalty rates prevailing in private land tran

SEC. 2415. Financial Sector Excess Profits Sovereignty Assessment

(a) FINDING.—Congress finds that large financial institutions have in recent years generated returns on equity consistently exceeding twenty percent (20%), far above the historical long-run cost of equity capital, indicating extraction of economic rents attributable to market concentration, implicit federal guarantees, and preferential regulatory treatment rather than productiv

SEC. 2416. Cfpb Sovereign Consumer Financial Protection — Medical Debt, Predatory Lending, And Household Financial Integrity Standards

(a) FINDINGS.—Congress finds that: (1) medical debt is the leading cause of personal bankruptcy in the United States, affecting more than one hundred million (100,000,000) Americans, and functions as a structural tax on health-seeking behavior that is incompatible with the universal coverage mandate of the Basic Minimum Plan;

SEC. 2417. Reit Tax Treatment -- Title Xiv Divestiture Compliance Clarification

(a) IRC SECTION 856 NON-EXEMPTION.--Real estate investment trust status under section 856 of the Internal Revenue Code of 1986 does not exempt any entity from the institutional housing portfolio concentration cap established under Section 1401 of this Act.

SEC. 2418. Private Equity Divestiture -- Ordinary Income Treatment For Critical Systems Dispositions

(a) CARRIED INTEREST RECHARACTERIZATION.--Notwithstanding any other provision of the Internal Revenue Code of 1986, any gain recognized by a private equity fund, leveraged buyout vehicle, or affiliated investment entity on the disposition of a Critical Life-Safety System, as defined in Section 2202(2) of this Act, pursuant to the mandatory divestiture requirements of Title XXII

SEC. 2419. Trade Enforcement Revenue Routing -- Fiscal Consolidation

(a) WAGE EQUALIZATION ASSESSMENT REVENUE.--All revenue collected pursuant to the Wage Equalization Assessment established in Section 2303 of this Act (Title XXIII) shall be deposited into the SIRF Industrial Infrastructure Node established under Section 201(e) of this Act.

TITLE XXV — Veterans Health Sovereignty And Pact Act Completion Act

SEC. 2501. Findings And Declaration Of Veterans Health Sovereignty

Congress finds and declares the following: (1) The men and women who have served in the United States Armed Forces have made contributions to the national commons that are among the highest any citizen can make.

SEC. 2502. Veterans Health Coverage — Three-Tier Architecture

(a) TIER 1 — VA AS SOVEREIGN VETERANS BMP.— (1) IN GENERAL.—For all service-connected conditions — conditions recognized by the Department of Veterans Affairs as causally related to military service — the VA healthcare system shall serve as each veteran's Basic Minimum Plan, meeting and exceeding all BMP standards established in Title XXI of this Act at zero cost to the veteran

SEC. 2503. Pact Act Gap Closure — Six Provisions

(a) GAP 1 — CLAIMS PROCESSING BACKLOG ELIMINATION.— (1) MANDATORY PROCESSING STANDARD.—The VA shall process all disability claims filed under the PACT Act within one hundred twenty-five (125) calendar days of receipt. This is a mandatory performance standard, not a target.

SEC. 2504. Pact Act Alignment And Non-Supersession

(a) SUPPLEMENTAL, NOT SUPERSEDING.—The provisions of this Title supplement and strengthen the PACT Act (Pub. L. 117-168). Nothing in this Title repeals, diminishes, or supersedes any provision of the PACT Act or any benefit, eligibility determination, or coverage established thereunder.

TITLE XXVI — National Social Security Sovereignty Commission

SEC. 2601. Establishment And Mandate

(a) ESTABLISHMENT.—There is established the National Social Security Sovereignty Commission (NSSSC), an independent, bipartisan commission charged with developing a comprehensive, actuarially sound plan to ensure the long-term solvency of the Social Security trust funds without benefit cuts to current or near-retirement beneficiaries.

SEC. 2602. Platform Employer Social Security Contribution Mandate

(a) FINDINGS.—Congress finds that: (1) Approximately sixty million (60,000,000) Americans perform work through digital labor platforms as independent contractors, earning income subject to self-employment tax but receiving no employer-side Social Security contribution;

SEC. 2603. Caregiver Social Security Earnings Credit

(a) FINDINGS.—Congress finds that: (1) Approximately fifty-three million (53,000,000) Americans provide unpaid care to a child, elderly parent, or family member with a disability — labor with an estimated economic replacement value exceeding four hundred seventy billion dollars ($470,000,000,000) annually;

TITLE XXVII — Press Freedom And Editorial Independence Protection Act

SEC. 2701. Findings And Purpose

(a) FINDINGS.—Congress finds that: (1) A free, independent, and adversarial press is not a privilege granted by government but a structural sovereignty mechanism by which citizens exercise informed democratic self-governance.

SEC. 2702. Definitions

For purposes of this Title: (1) JOURNALIST.—The term "journalist" means any person who regularly gathers, prepares, collects, photographs, records, writes, edits, reports, or publishes news or information of public concern for dissemination to the public, whether in print, broadcast, digital, podcast, documentary, or any other medium, regardless of whether such activity is comp

TITLE XXXIV — Structural Architecture Refinement And Sirf Sovereignty Act

SEC. 3401. Retirement Of The American Prosperity Dividend

(a) SUPERSESSION.—The Household Structural Relief Node, previously established as a universal cash distribution mechanism tied to market-dependent SIRF returns, is hereby retired and superseded. No provision of this Act shall be construed to authorize HSRN cash distributions.

SEC. 3402. Sirf Statutory Base Revenue Architecture

(a) DECLARATION OF CLOSED-LOOP DESIGN.—The Sovereign Infrastructure and Resilience Fund is designed as a closed-loop, self-capitalizing sovereign fund. Its fiscal sustainability depends on scored, statutory revenue streams — not behavioral enforcement outcomes.

SEC. 3403. Household Structural Relief Node — Designated Mechanisms

The Household Structural Relief Node (formerly HSRN allocation) shall fund the following mechanisms in priority order within the Node: (1) Zero-interest student loan conversion interest subsidy — priority funding; (2) Sovereign Child Prosperity Trust birth deposits — four billion dollars ($4,000,000,000) annually;

SEC. 3404. Household Structural Relief Node — Cross-Title Clarification

Any reference in this Act to a universal cash distribution mechanism tied to SIRF market returns is hereby superseded by the Household Structural Relief Node framework of this Title. Schedule E benchmark reporting obligations are governed by the FMIA's consolidated Schedule D reporting mandate under Title XIX.

SEC. 3405. Sirf Node Allocation Table — Revised

The SIRF node allocation percentages are revised as follows, effective from the date of enactment of this Title: (1) Household Structural Relief Node: 15%; (2) Tier 1 Mandatory Structural Obligations Reserve: 15%; (3) Vanguard Capitalization Node: 15%; (4) Environmental Remediation Node: 9%;

SEC. 3406. Updated Fiscal Summary — Nsra Year 1 Architecture

(a) REVENUE.—Total scored annual revenue from all NSRA revenue streams: seven hundred forty-nine billion dollars ($749,000,000,000) at full operational ramp (Year 3–5 baseline).

SEC. 3407. Schedule D Benchmarks — Title Xxxiv

The FMIA shall report annually on: (1) SIRF Statutory Base Revenue collected versus projection by stream; (2) Tier 1 waterfall obligation fulfillment rate — whether all Tier 1 obligations were met in full in each quarter; (3) aggregate household structural relief delivered by mechanism;

SEC. 3408. Sovereign Compute Node — National Ai Infrastructure And Public Compute

(a) ESTABLISHMENT.—There is established within the SIRF a dedicated allocation to be known as the Sovereign Compute Node (SCN), receiving five percent (5%) of SIRF base revenues as established in Section 3405(11).

SEC. 3409. Strategic Mobility Infrastructure Node

(a) ESTABLISHMENT.—There is established within the SIRF a dedicated allocation to be known as the Strategic Mobility Infrastructure Node (SMIN), receiving eleven percent (11%) of SIRF base revenues as established in Section 3405(12).

TITLE XXXV — Sovereign Integrity And Executive Accountability Act

SEC. 3501. Findings And Purpose

(a) FINDINGS.—Congress finds that: (1) The Emoluments Clauses of the Constitution — Article I, Section 9, Clause 8 (Foreign Emoluments) and Article II, Section 1, Clause 7 (Domestic Emoluments) — prohibit the President and other federal officers from receiving personal financial benefits from foreign governments or from sources other than their official compensation, yet no ade
